

TO ALL NON-RESIDENTIAL CUSTOMERS

PLEASE READ:

NON-RESIDENT CUSTOMERS ARE STRONGLY ENCOURAGED TO INSTALL A LOCK ON THEIR SIDE OF THE METER. MAKE SURE YOU TURN OFF THE WATER EACH TIME YOU LEAVE YOUR CAMP. YOU WILL BE RESPONSIBLE FOR ANY WATER LOSS DUE TO LEAKS/ACCIDENTS/VANDALISM. (SEE ATTACHED BOARD RESOLUTION)

IN ADDITION, YOU ARE NOT TO USE THE CUTOFF VALVE ON THE METER. THIS IS FOR USE BY WATER PERSONNEL ONLY!

NOTICE TO NON-RESIDENTIAL/COMMERCIAL CUSTOMERS

The Bellwood Water System, Inc. does not provide any type of leak adjustment to non-residential/commercial customers for properties defined as used for camps/campsites, weekend retreat cabins, or ancestral homes, government or commercial buildings/offices/worksites or any other sites that are not used as permanent residences. The System further directs that account holder of said properties are to be notified that use of the cutoff valve on the system side of the water meter (which remains the property of the water system) is ONLY for use by water system personnel. Non-residents are instructed to provide, immediately, cut-off valves and locks on customer side of the meter to assure that no accidental or unauthorized use of water occurs.
